About Me

I'm a passionate and driven computer science student with a strong foundation in programming, data structures, and web development. I love building innovative applications that solve real-world problems.

WORK EXPERIENCE

Virtual Intern

Infosys | December 2025 – [Expected completion 2026]

- Selected for a virtual internship focusing on the Python technology stack.
- Gaining hands-on experience in developing applications with Python and its related frameworks.
- Working on real-world projects to apply my foundational skills and enhance my professional experience in a corporate environment.
